

# THE MAZDA 6

## MAZDA MAKES YOU FEEL ALIVE.

We believe in the power of human potential; creativity, imagination and the amazing things we're all capable of when we're inspired. We believe in the power of cars to move human emotions. To awaken senses, heighten reflexes, make pulses race. And the joy of being alive comes from what we discover on our journey, and the inspiration we find in every mile.

## EXPERIENCE SOME QUALITY TIME

Both inside and out, Mazda6 elevates quality and sophistication to an even higher level. Command the road with a Skyactiv-G 2.5T turbocharged petrol engine and 19-inch alloy wheels, both standard on Atenza grade. Inside, you'll enjoy nappa leather<sup>#</sup> seats, real wood and Ultrasuede<sup>®</sup> trim on Atenza grade and the latest safety and connectivity across the range. It all comes together to create a car you'll want to spend some quality time in.

MAZDA6

## STRIKING FROM ANY ANGLE

'Mature Elegance' was the theme our designers explored when developing Mazda6. Drawing on Mazda's signature Kodo 'Soul of Motion' design philosophy, key exterior elements of the vehicle have been reworked and reimagined to deliver dynamic, dignified beauty. From the sleek side profile to the LED headlamps, everything is designed to work in harmony, creating a sense of powerful motion that flows from the front to the rear.

## SUPERIOR QUALITY

Once you're immersed in the cabin, you'll quickly notice the elegant atmosphere created by quality finishes. In Atenza grade, the ventilated front seats, covered in beautiful nappa leather, deliver a new level of luxury. While the sense of a truly connected drive is further enhanced by the stylish dash that envelops the driver. Through smart technology like MZD Connect, granting access to your device's functionality via a full-colour screen, you'll feel even further connected to the drive and the world around you.

## STAY CONNECTED TO YOUR JOURNEY

Mazda6 not only enhances your driving world, but your world beyond it. MZD Connect brings you DAB+ digital radio and access to online content including social media, music, podcasts and more, simply by linking your compatible smartphone<sup>8</sup>. It can even read texts and emails aloud. Everything is centralised on a touch screen positioned so your attention remains on the road<sup>9</sup>. The rotary multi-function commander puts all function control right at hand. Menu choice, audio and navigation can even be driven by voice command, so even when the drive takes you away, you're never out of touch.

# LOSE YOURSELF IN LUXURY

The spacious Mazda6 accommodates five people in a cabin that embodies quality. Thick padding and wide seat cushions create a comfortable and inviting look that extends throughout the vehicle. An impressive variety of interior colours, wood trim and leathers, plus details such as a storage compartment in the rear centre armrest, further continue this theme. Cargo is carefully considered too. Both sedan and wagon feature 60/40 split-folding rear seats, extending the generous luggage area to accommodate unusually shaped items. The wagon's clever seats unlatch and fold in a fluid move, creating a virtually flat floor.

# SAFETY COMES FIRST

Mazda6 has a number of advanced safety tools at its disposal to help you combat the unexpected.<sup>†</sup> Starting with world-class collision protection, provided by an extremely rigid body and a brace of SRS airbags as standard, along with disc brakes boasting ABS and Electronic Brake-force Distribution (EBD), which optimises braking depending on the load. Emergency Brake Assist (EBA) also boosts stopping power the instant emergency braking is sensed. The advanced Smart City Brake Support (SCBS) can detect vehicles and pedestrians ahead through its forward-sensing camera and help avoid or mitigate unavoidable collisions. If you do brake suddenly, Emergency Stop Signal (ESS) will automatically flash hazard lights to warn following drivers. While Hill Launch Assist (HLA) will keep the brakes applied for a short time when on an incline, giving you time to apply the accelerator and drive off smoothly. This means every drive in Mazda6 isn't just exciting, it's safe.

A close-up, high-angle view of the rear passenger area of a car. The seats are upholstered in a rich, dark red leather with visible stitching and horizontal ribbing on the backrests. Three grey seatbelts are visible, buckled into their respective slots. The car's interior trim, including the door panels and window frames, is a dark, matte grey. The lighting is soft and even, highlighting the texture of the leather and the clean lines of the cabin.

## NEW LEVEL OF INTERIOR CRAFTSMANSHIP

Thanks to the luxurious seats, the finely crafted details and high-quality materials, you'll feel at home the moment you sit down in the quality cabin.

## YOUR PERFECT SHADE

With a choice of 8 stunning and sophisticated colours you will find a Mazda6 to suit your taste and style.
